Community Support
Rochester Rallies Around Ashworth
By Robert Chiarito

Throughout the Town of Rochester, there are signs welcoming home Derek Ashworth. Derek, a 23-year-old well-known local semipro football player, returned home on September 8 after spending nearly a month away at regional hospitals battling the effects of Eastern Equine Encephalitis (EEE). With only 10 percent of those afflicted by EEE making a full recovery, Derek's progress after contracting the viral disease is being cited by his doctors as no less than a miracle. Many of the signs hanging in Rochester agree with that assessment.

"It's a true miracle," said Wendy Ashworth, Derek's mother. "We went from a nightmare to a dream come true — he's going to go on to have a successful life."

Above: Derek Ashworth, the son of Scott and Wendy Ashworth of Rochester, poses with Dr. David M. Lowell, MD, a board-certified neurologist and medical director of the Rehabilitation Hospital of the Cape and Islands, where Derek made a remarkable recovery after suffering from Eastern Equine Encephalitis (EEE). Derek returned home this past weekend and is well on his way to what many have called a "miraculous recovery." (Photo courtesy of Carole Stasiowski).

On the cover: Children enjoy fun and games during the Mattapoisett Congregational Church's Third Annual Homecoming Sunday at historic Ned's Point in Mattapoisett. This "glorious day of fun, faith and food" opened the beginning of a new year for the congregation's Sunday School program and concluded with a family picnic at the point. (Photo by Robert Chiarito).

"We want to thank all the doctors and staff at Boston Medical Center and RHCI," added Derek's father, Rochester Fire Chief Scott Ashworth, during a hospital release press conference. "They got Derek up and motivated. We all look forward to when he's back 100 percent."

While Derek's recovery may seem quick, the fact of the matter is that he faces many more weeks and, perhaps, months of rehabilitation. To assist Derek with his recovery a fund bearing his name has been established by local Fire Departments in Rochester, Marion and Mattapoisett through Eastern Bank. Donations can be made directly to either the local branches of the bank or at the station houses of the various fire departments. Other fundraisers include a 50/50 raffle with a top prize of up to \$500 and a benefit golf tournament being planned for late October. Tickets for the raffle can be purchased at local Fire Department stations while an announcement concerning the golf tournament will be forthcoming.

The outpouring of generosity from the community has been a welcome relief for the Ashworth family. Derek spent six days in a coma after suffering a seizure at the onset of his affliction on August 11. With his fam-

William's picture will be posted on mile marker 18 during the upcoming Jimmy Fund Walk on Sunday, September 17. William has also inspired some 17 people from the tri-towns to participate in the event collectively as "Team Willpower," which has raised well over \$3,000 for the cause to date.

ily spending long hours away from home at his hospital bedside, neighbors took it upon themselves to provide hot meals for the family on the nights when they were able to return home. Scott Ashworth, Derek's father and Rochester's Fire Chief said: "All of the help that we have gotten from family, friends, neighbors, department members has been a real comfort. I'm not sure how or if I'm going to write a note or be able to thank each person individually that has done something to help us but, we just want everyone to know how much we appreciate everything they have done for us."

With Derek's mother Wendy working for the town's EMT service and his father working for the Fire Department, the Ashworths are a family that is used to coming to the aid of others in an emergency. "We have never been put in a situation where we were receiving help," Chief Ashworth said. "It was a bit strange at first but we quickly realized it was something the community wanted to do as a way of not standing idly by while all of this was happening. So, we appreciate it, it was a big help."

The importance of the fund can be best demonstrated by the prognosis given by Derek's medical team. Doctors say that Derek is about 85 to 95 percent recovered but warn that caution must be taken when dealing with his condition. He is still suffering from balance and depth perception problems and bouts of fatigue. Derek attends rehabilitation sessions three times a week at the Reha-

bilitation Hospital of the Cape and Islands in Sandwich. While Derek is insured for most of his medical expenses there are additional costs related to making the 70-mile round trip. Doctors predict that Derek will make a full recovery but his rehabilitation sessions could last several months.

Chief Ashworth cautioned the season for contracting EEE will not pass until the mosquito population is reduced with the first frost. "Derek has no recollection of being bitten," Chief Ashworth said. He reminds people to wear long sleeves and pants and to use the proper insect repellent when going out of doors in the evening. Chief Ashworth also recommended contacting local officials to find out what locations are being sprayed for mosquitos

carrying EEE.

As the community rallies around the Ashworths, Chief Ashworth also wanted to remind people that there are two other families that have also had family members stricken by EEE this year. He has been in contact with the families of John Fontaine, the nine-year-old boy from Middleboro who passed away last week, and the family of Sheila Clark, the 52-year-old woman who remains in serious condition while recovering at Mass General in Boston. Chief Ashworth said that the Clark family spoke with Derek and he hoped that the conversation would be one of comfort for them as they took Derek's remarkable recovery to heart.

Dana-Farber Institute for cutting-edge cancer research as a result of the event.

This year is a particularly poignant for many Rochester and Mattapoisett residents who are participating on "Team Willpower." They are walking in support of local preschooler and cancer patient, William Gauvin, who is about to turn five and just finished his last chemotherapy treatment at Dana-Farber. Willie Gauvin is one of 26 heroes who will be honored on this year's walk. His picture will be posted on mile marker 18, said Marissa Hughes.

Ms. Hughes is the captain of "Team Willpower." She has 17 members on her team, exceeding the original ten she planned for. Most of her team is comprised of mother/daughter pairs. Several local teachers are also on the team. Some will walk the full 26.2 miles, some 13.1 miles, others the last three. So far, Team Willpower has raised well over \$3,000.

Marion resident Lora Sharpe has been walking as part of a team for the Jimmy Fund for the past five years. She plans to walk 13.1 miles, or half of the race. "It is really fun," Ms. Sharpe said. "We start in Wellesley and walk to Copley Square. It takes about four hours."

Ms. Sharpe said that her favorite part of the race is the last three miles when walkers meet up with patients and hundreds of police officers from around the state. "The police officers are all in uniform," she said. "It is the safest place to be in the whole state!"

Paulette and Michael Lake will be participating in the Walk for the first time this year, and they plan to do the 26-mile route. Mr. Lake said his wife encouraged him to participate in the Mattapoisett and Rochester road races this year. "We've never done this before," he said. "We plan to walk most of it and run some of it."

Mr. Lake, who works at Mahoney's Lumber in Mattapoisett, said it was really easy to raise money for the race. "I just brought the envelope into work and everyone helped out," he said, adding "It feels really good to be part of an event that really helps people."

Pacesetters, those who raise \$750 or more, receive special recognition from the Jimmy Fund, and are invited to a celebration at the start of the next Walk season. Participants are encouraged to form teams and walk in honor of those who have been affected by cancer. "The Walk gives people the opportunity to join a community of friends and families to support cancer research while honoring everyone who is directly affected by the disease," said Ed Widerhold, director of the Boston Marathon Jimmy Fund Walk.

About 100 children from preschool to middle school were enrolled in the classes.

Before the service began the Reverend Dr. Virginia Child welcomed about 150 members of her church and their guests to the open-air worship service. Emphasizing the informal nature of the day, the reverend, dressed in blue jeans and wearing a red baseball cap joked, "I know

As sailboats passed from Mattapoisett Harbor into Buzzards Bay behind her, the congregation sat on blankets and lawn chairs while Reverend Child gave thanks, "for being able to hold a service in such a beautiful place." The church members sang hymns, made their weekly announcements and offered prayers for those in the community who faced times of trial and great need.

The theme of the sermon was taken from a passage in the book of Matthew: "You are the light of the world." As if on cue, the clouds parted and the sun poured down upon the park just as the lesson began. The reverend also used her sermon to urge the members of the congregation to slow down and take stock of the things in life that are truly important, citing the need nurture the bonds within one's own family. Echoing poet Robert Frost's classic *The Road Not Taken*, she spoke about the importance of enjoying the journey and not worrying so much about the time it takes to make the trip.

After the last hymn was sung and the benediction called the service to a close, a picnic supper began. Volunteers manned the buffet tables and grills serving a variety of salads, hamburgers, hot dogs, linguica and Italian sausages. As parents shared tips on day care and playgroups with one another, their children participated in sack races and played various lawn games. ditional funding to make up a shortfall in the ORR School District budget; money to cover transportation costs for the school district; and money to fund much-needed repair work on the front of Town Hall.

The board then voted to appoint five members to the newly-established Community Sailing Program as suggested by Harbormaster Steve Mach at the last Selectmen's meeting.

In other matters, the board said they are seeking a member of the Capital Planning Committee to serve as the town's representative on the ORR Capital Planning Committee; and they also voted to appoint Selectman Collyer as the board's representative on the Teacher's District Negotiations Committee. Lastly, the board voted to appoint Selectman Andrews to serve as the board's representative on the Plymouth County Advisory Board.

At 6:10 pm the board met with resident Irma Nicholson to present the board with a copy of the recently-published book *The Pillars: 100 Years, A Historical Narrative of Brant Beach*, written by Roy Miller.

"This has proven to be a very interesting project," Ms. Nicholson said. "(Mr. Miller's) original quest was to find a history behind the pillars. He investigated all kinds of interesting stories that have evolved over the years ... and ended up writing 60 pages. Even though he set out to find who built the pillars, we still don't know. (But) it's an interesting history of the area."

Ms. Nicholson said all proceeds from the sale of

the book will benefit the Brant Beach Association.

At 6:15 pm the board met with William Morgan to listen to an appeal to reinstate his mooring permit after failure to pay the fees in a timely manner.

"I did send my check in on March 14, but it was returned because the mooring needed to be inspected," Mr. Morgan said. "I've had the mooring since 1996 or 1997. At the time I received (the notice), I was unable to get it inspected. I did (send payment) ... but apparently it was received after the time it was due. It was just an oversight on my part and I hope we can rectify it."

"We had several other mooring appeals (at our last meeting), but this one is different," Selectman Lombard said. "In my opinion, notices were sent out and were received (in this case) ... I would move to deny the appeal."

With that, the board unanimously voted to deny Mr. Morgan's appeal to reinstate his mooring privileges.

Mr. Mach advised Mr. Morgan can reapply for a permit in the spring, at which time they can reinspect the mooring and tackle line to make sure they are in compliance.

Under the Selectmen's discussion items, the board noted a representative is needed to attend the Massachusetts Municipal Association's (MMA) fall conference in Millis on Saturday, October 14. Chairman Collyer said he would try to attend.

The board noted a picnic table in memory of Fire Chief Ron Scott's father will be placed at the Fire Station with a memorial plaque to so designate it.

The Plymouth County Selectmen's Association will next hold a meeting on September 21 at 6:30 pm at the Plymouth County Sheriff's Office, 24 Long Pond Road in Plymouth, in the Administration Building downstairs.

In other matters, the board noted:

BECOMING A VETERINARIAN

My daughter wants to be a veterinarian. I have not been encouraging her as it seems to be a profession dominated by men.

Actually 2 out of 3 veterinary students are female. By all means, encourage her.

What kind of education is required to become a veterinarian?

Generally speaking, 4 years of college followed by 4 years of vet school. A graduate can then enter practice or, if they wish to specialize, perform an internship and residency.

You can contact Dr. Gould at 508-758-6400 or visit our website at MattapoissettAH.com

- The North Street repaving project has begun, but actual grinding and repaving work won't begin until sometime in October. Mr. Botelho advised they will be doing curb cuts and other preparatory work in the interim.

- The next regular Selectmen's meeting will take place on Tuesday, September 26 at 6:00 pm in the Town Hall Conference Room.

- The Mattapoissett/Rochester Veterans Office hours will now be Tuesday and Thursday, 8:00 am to 4:00 pm.

- On the fifth anniversary of the terrorist attacks, President George W. Bush has declared September 11 as "Patriot Day" each year, not to be confused with the state's annual "Patriot's Day" which is observed in April.

Rochester Selectmen's Meeting

September 11, 2006

By Kenneth J. Souza

A regular meeting of the Rochester Board of Selectmen was called to order on Monday, September 11 at 7:00 pm by Chairman Bradford N. Morse. Also present were Selectman Richard Nunes, Selectman Dan A. McGaffey, and Town Administrator James Huntoon. Administrative Assistant Veronica Lafreniere was not present for the meeting.

The board first went into Executive Session to discuss contract negotiations.

Upon returning to Open Session at 7:39 pm, the board approved the minutes of the August 28 meeting and then met with Arnie Johnson of the Rochester Memorial School Building Committee.

"Two things regarding the Building Committee: Robin Correia wants to be on (the committee) as the teacher's representative," Mr. Johnson said. "And I just want to clear up the status of Mike Meunier. He's the project manager — which is what we agreed upon — and the board also appointed him to the Building Committee as an *ex officio* member. Some people have questioned whether that's a conflict or not. He's going to be at every

meeting ... but he has no vote."

Mr. Johnson reported there are now 18 members on the School Building Committee. They recently held a joint meeting with the Rochester School Committee.

"(The School Committee) presented the Building Committee with their vision for what they'd like to see," Mr. Johnson said. "The state rules (require) them to build out for 15 to 20 years. Their vision is a new school for either Grades K-3 or 4-6, possibly on a different site than where the current school sits. They're also looking at the need for a community center, library, and an auditorium, with ample parking."

The board then met with Police Chief Paul Magee to discuss a student who approached him for an internship through UMass Dartmouth to work at the Rochester Police Station for up to 10 hours a week, unpaid. "I did speak with Town Counsel regarding liability," Chief Magee said. "This person would be covered by town insurance, not unlike the senior work-off program."

Chief Magee said if the intern works out well, he'd like to continue the college internship program in the future. The board unanimously concurred with Chief Magee.

The board next voted to set Monday, October 16 at 7:00 pm as the date and time for the fall Special Town Meeting.

The board also unanimously voted to appoint Kathleen McHenry as Temporary Town Accountant in the

interim until a full-time replacement is found for Claudette Coutu, whose final work day is Friday, September 15.

Under the Town Administrator's report, Mr. Huntoon noted he has advertised the position of Town Accountant and he is also looking for some interim options. "Before we go through any of that, I'll make sure to check with the Department of Revenue," Mr. Huntoon said. "We may need someone for a couple of days a week ... as long as we have someone to sign off on the warrants."

"Is the game plan have a temporary person do the Town Accountant's position until we have a new Town Administrator hired?" Selectman Nunes asked.

ATTENTION DRIVERS

If you are involved in a collision you have the right to have your investment, your vehicle, repaired at a shop of your choice. Your insurance company may suggest a list of repair shops. Do not be persuaded by this list, it is not a guarantee of quality of services, nor does it limit your options. You want a shop who will work for you and with you to put your vehicle back to pre-accident condition. **COLLISION SERVICES OF MARION, INC.** is a licensed, bonded, registered repair shop with the state of Massachusetts. We work with all insurance companies to expedite your repairs. The important thing to remember is we repair the vehicle for you, our customers, not the insurance companies. So remember, if the need arises, contact **COLLISION SERVICES OF MARION, INC.** to get back on the road.

"We have a cutoff date of October 20 for the Town Accountant ... and a cutoff of October 6 for the Town Administrator," Mr. Huntoon said, adding they've received about a dozen applications for the latter.

"We're going to have someone in here on a temporary basis by the end of the week," Chairman Morse said. "We can't just go out and hire an accountant ... we have to follow a process."

Under Old Business, Selectman Nunes updated his fellow board members on the recent Plymouth County Commissioner's Meeting and the recently-reactivated Plymouth County Selectmen's Association. Both Selectman Nunes and Selectman McGaffey plan to attend their next meeting on September 21.

There being no further matters to come before the board, they unanimously voted to adjourn for the evening at 8:10 pm.

• **Under 12 Girls:** The U12 Girls got their season off to a good start with a solidly played 2-1 victory over the Fuller Hamlets from Sutton, MA. The Mariner girls carried the play most of the way, nearly connecting on several scoring chances set up by some very good combination play by their midfielders and forwards. The Mariner defensive backs carried the day, with outside backs **Sammy Bucknell** and **MacKenzie Martin** both scoring goals on strong shots from the top of the penalty area. Both Mariner goals came off rebounds from well-placed corner kicks by **Desiree Santos** and **Bucknell**. Center back **Andrea Chaput** and outside back **Madison Catarius** played very well defensively throughout the match to help stymie the Fuller Hamlets' attack. Keeper **Morgan Stott** was solid in goal all game and kept her defensive backs well-organized throughout. The Mariner U12 Girls' next game will be against Western United Soccer Club at 2:30 pm on Sunday, September 17 in Northampton, MA.

• **Under 13 Girls:** Coming off a very good showing at the Labor Day Bandit's Cup tournament at Devens, the Mariner U13 Girls played a physical home match on Sunday, September 10 against Liverpool FSC from Oxford, MA, ending up in a 1-1 tie. The Mariner girls dominated the majority of the game with some outstanding defensive play from their defensive backs. Mariner barely missed on an opportunity to break the tie with minutes remaining with a shot that skidded over the crossbar. During the previous Labor Day weekend, the Mariner

The pilot was injured in the crash but managed to crawl most of the way out of the woods. An off-duty Acushnet officer heard the pilot yelling for help and located him in the woods just off Perkins Lane in Acushnet.

Rochester Bomb Threat

On September 9 at 10:19 am, the Rochester Police and Fire Departments responded to a report of a possible bomb being found at Covanta waste to energy plant located on Cranberry Highway in Rochester. The plant was shut down and the area was secured until the State Police bomb squad arrived to assess the situation.

The device was constructed of a clay type substance with batteries and wires connected to it. After investigating, the State Police bomb squad declared the device was not an explosive and in fact was a hoax device.

As of 12:00 noon, normal operations resumed at Covanta.

As boating is a family activity, the squadron encourages families to attend as groups.

The revised and updated Boating Course introduces the student to the fundamentals of safe boating. The course is accredited by the National Association of State Boating Law Administrators thereby qualifying for certification in states that require boating education before operating any watercraft. The Commonwealth of Massachusetts requires that any boater under the age of 16 pass an approved boating course before operating a motor boat of any horse power within state waters.

Subjects presented include: boat handling under normal conditions, adverse conditions and emergencies; nautical terminology and types of boats; required and recommended equipment; boating regulations and navigation rules; piloting and the use of paper and electronic charts; lines and knots; aids to navigation; using the VHF radio; and trailer boating. A CD-ROM of Electronic Charts from MapTech is included with each text purchased.

The course cost of \$60 per student covers the text, CD-ROM, chart plotter, dividers, a piece of line and incurred overhead costs. Additional students from the same family that use the same text is \$20 per student. The instruction is always free. The Squadron Boating Course student manual is the text for the course, and it will serve as a valuable reference book on basic boating long after the course is completed.

For additional information, please contact Dave True (508-763-5241), Steve Crook (508-994-0119) or Dick Fearing (508-748-1890). On-line registration and info is available at www.usps.org. Please click on course schedule under boating education.

Marion Resident in Walk

This year, Lora Sharpe from Marion will be taking on one mission — the fight against cancer, by participating in one walk for one cause — the Jimmy Fund. Join your neighbors in this effort by registering for the 18th Annual Boston Marathon Jimmy Fund Walk. Presented by Hyundai Motor America, the event will be held on Sunday, September 17. Ms. Sharpe will join more than 6,500 participants, who are expected to raise \$4.75 million for cancer research and care for children and adults at Dana-Farber Cancer Institute. Over the past 17 years, walkers and their supporters have contributed more than \$35 million to Dana-Farber. This funding supports cutting-edge cancer research to find cures and better treatments for all forms of the disease. It also provides special services and assists with costs of patient care and treatment.

The Boston Marathon Jimmy Fund Walk is the only event, other than the Boston Marathon itself, that is sanctioned by the Boston Athletic Association to use the historic 26.2-mile route from Hopkinton to Boston. Walkers can choose from three different routes: 26.2 miles from Hopkinton, 7:00 am; or 13.1 miles from Wellesley, 11:00 am; or the three-mile route that begins at the Harvard Medical School Quad, at 2:00 pm. All walkers finish at the Copley Square finish line. Participants on the Hopkinton (26.2 miles) and Wellesley (13.1 miles) routes must raise a minimum of \$200 in contributions; for the three-mile Boston Walk, the requirement is \$200 for walkers age 13 and older and \$100 for walkers age 12 and younger.

Pacesetters, those who raise \$750 or more, receive special recognition from the Jimmy Fund, and are invited to a celebration at the start of the next Walk season. Participants are encouraged to form teams and walk in honor of those who have been affected by cancer. "The Walk gives people the opportunity to join a community

of friends and families to support cancer research while honoring everyone who is or has been directly affected by the disease," says Ed Wiederhold, director of the Boston Marathon Jimmy Fund Walk. One in three people will face cancer in their lifetime but no one has to face it alone. Help change the odds by walking or supporting a walker.

To register, or make financial contributions, visit www.jimmyfundwalk.org. Contributions can also be mailed to: Boston Marathon Jimmy Fund Walk, 10 Brookline Place West, 6th Floor, Brookline, MA 02445. For more information, please call 1-866-JFW-HERO.

Mattapoisett Tree Campaign

Don't just admire the fall foliage, add to it! Fall is a great time to plant trees on your property. The Mattapoisett Tree Committee is sponsoring a 150-tree-planting campaign to celebrate the town's 150th birthday in 2007. Any homeowners or businesses that plant a new tree on their property with a trunk thickness of at least 1 and 1/2 inches are eligible to be official Mattapoisett Sesqui-centennial Tree Partners and will be honored during the town's birthday celebration in August, 2007. Planting trees is good for the environment and an investment in the beauty of Mattapoisett for years to come.

Visit the Mattapoisett Tree Committee's website at <http://www.trees-for-mattapoisett.org> or write to the Committee c/o Town Hall to get more information about the program and how you can join your neighbors and the town in this community effort. Together, let's plant 150 by 150!

unusual stories. Now in production on its eighth season, the series kicks off with new homeowners who make surprising historical discoveries about their homes as they explore and restore them. A lucky few will be amazed to learn that the historic artifacts they've discovered are worth a fortune when the *If Walls Could Talk* appraiser drops by for a look.

Each half-hour episode features homeowners from across the country who share their amazing discoveries. Recent stories include:

- A Connecticut family moves into a neglected 1800's Victorian only to find antiques and a mysterious locked cabinet. What they find inside tells the touching story of their home's original owner. Then, in the attic they discover original paintings and the *If Walls Could Talk* appraiser pays them a visit. The expert reveals their discoveries are worth thousands of dollars.

- A husband and wife turn a turn of the century bank into their dream home. In the process they find the original bank vault full of safety deposit boxes that are still locked!

- A Colorado couple find books, clothing and jewelry in their new home. The clues add up to the story of a best-selling author who lived in the house until she disappeared.

- A New York bachelor buys a hundred year old mansion and makes a chilling discovery in the basement — his home sweet home used to be a funeral home!

MOVIE REVIEW

Elephant Man

By Rob Gonsalves
www.robsmovievault.com

The Protector. Starring Tony Jaa. Directed by Prachya Pinkaew.
Running time: 84 minutes. MPAA rating: R.

In *The Protector*, known in its native Thailand as *Tom Yum Goong*, Tony Jaa plays a young man whose elephants are stolen. He wants them back. There are shabby attempts at other plot threads, but that's all the movie is about. A gangster named Johnny has taken a majestic adult elephant and his baby son. Tony Jaa is supposed to protect those elephants. So Tony Jaa confronts Johnny on numerous occasions with dialogue so basic it's almost a Zen koan: "Johnny, where are my elephants??" "Johnny, you stole my elephants!" "Johnny, give me back my elephants!" Uh, Johnny? Tony Jaa really wants those elephants back.

Word around the campfire is that *The Protector* has been shorn of some fifteen minutes for its American debut; its distributor is The Weinstein Company, whose owners Bob and especially Harvey Weinstein are fond of taking scissors to everyone's movies except Quentin Tarantino's. (Tarantino "presents" *The Protector*, though he probably didn't do anything other than to say "Hey, Bob! Harvey! This movie is frickin' cool!") So there were certain plot elements that lost me. Someone I didn't remember seeing before in the film shoots the police commissioner of Sydney, Australia, to the horror of several characters who seem to know the shooter. Tony Jaa's previous import, *Ong-Bak*, had similar problems. Characters appear and disappear at random. Fans of early Jackie Chan films will recall similar plot dissonance.

As with Jackie Chan, though, you go to a Tony Jaa film for one reason, and it *isn't* the plot. Jaa, a master of Muay Thai martial arts, once again disregards gravity and physics, flying across rooms to knock down several flunkies with his knees. If a video game allowed you to do what Tony Jaa does, it would be the bestselling video game in history. This outing doesn't give Jaa quite as many eye-popping stunts as he had in *Ong-Bak*, though it does boast a truly astonishing sequence in which Jaa runs up several flights of stairs, disabling one attacker after another on each floor, in *one unbroken take* that lasts about four minutes. I couldn't even *climb* stairs for four minutes straight, never mind kicking dozens of asses. The sequence, which took a month to prepare and two weeks to shoot, is some sort of compressed masterpiece of kinetics.

After a while, *The Protector* becomes a kind of brutal comedy. Getting

closer to the true power behind the elephant-stealing Johnny (a whip-wielding woman in blood-red lipstick), Jaa goes up against several wrestler types who look to be about twelve feet tall. (Jaa stands five-eight; like Chan, he's compact.) My favorite was the Aussie strongman Nathan B. Jones, a towering baldy who shrieks and roars at Jaa. (Oh, for some meaningful dialogue between the two: "RAAARRRGH!" "Where are my elephants??" "AAAARRRGH!!!" "Give me my elephants!!") There's also the alarming-looking Lateef Crowder as a dreadlocked *capoeira* fighter who almost gets the drop on Jaa, and Xing Jing as Madame Rose (ha, I love that name), the aforementioned whip artist. What I really wanted, at some point in the narrative, was a werewolf. Yes, a werewolf with a *flamethrower*, getting between Tony Jaa and his elephants. Or maybe a robot. A *samurai robot* with, like, *fangs and stuff*. Because if you're going to make a daft movie like this, why not go all the way?

The Protector is a fun, junky Saturday evening out, though I suspect you'd do better to get your hands on the original *Tom Yum Goong*, which may, for all I know, contain mitigating plot intricacies, plus a werewolf. Jaa remains perhaps the hardest-working actor in the world, and probably occupies the top slot on Internet death pools now that poor Steve Irwin has taunted his last croc. Actually, I worry more about the health of the many stuntmen who wind up on the receiving end of Jaa's heavy elbow, landing on their skulls from twenty feet up. I would like to see a documentary about a stuntman working on a Tony Jaa movie, unable to sleep the night before shooting his big scene in which he speeds towards Tony Jaa on a motorcycle and Tony Jaa knocks him off the bike into a plate-glass window with a well-aimed knee. And then it has to be done again because someone on the set sneezed. Maybe one of the elephants.

"Each year bereaved parents, loved ones, family, friends and caregivers gather together to recognize that their losses are not forgotten," said Peggy McManus, LSW, social worker and facilitator of the Southcoast Hospitals' Parents Enduring Grief Support Group at St. Luke's Hospital. "Though no two people experience grief the same way or for the same length of time, the feelings are common to most parents who have lost an infant, regardless of the length of pregnancy. The walk is a beautiful tribute to their loved one."

Mattapoisett Maconchu Club

The first meeting of the Maconchu Club, after their summer hiatus, will be a Pot Luck Supper. The supper will begin at 6:30 pm in Reynard Hall at the Mattapoisett Congregational Church, 27 Church Street in Mattapoisett, on September 16. Please bring either a main dish, vegetable, or salad for eight people and your place settings. Dessert and beverage will be provided.

After the meal, Dr. John Gould, a retired MD and now a member of the Coast Guard Auxiliary, will speak about our country's oldest manned lighthouse. Dr. Gould is a volunteer assistant lightkeeper on Little Brewster Island in Boston Harbor. He will describe the duties of a current-day lightkeeper at the last U.S. Coast Guard lighthouse with a full-time staff and will discuss some naturally occurring atmospheric optical phenomenon observed at the lighthouse.

SALOME'S STARS

ARIES (March 21 to April 19) Mars, your ruling planet, helps you deal with career challenges in a way that reflects some of your own hidden strengths. This impresses some important decision-makers.

TAURUS (April 20 to May 20) Your strong Bovine will, combined with your romantic nature (you are ruled by Venus), helps turn a romance with a potential for problems into one with more-positive possibilities.

GEMINI (May 21 to June 20) Mercury's influence creates some unsettling moments, but nothing that you can't live with. You'll soon learn more about that major change that is about to be revealed.

CANCER (June 21 to July 22) Opportunities for you are like the phases of the Moon: constantly appearing and reappearing. So, cheer up. The opportunity you think you let slip by will be replaced by another.

LEO (July 23 to August 22) An opportunity that you hoped would open up for you remains closed. Stop wasting time scratching at it. Something else you'll like will soon make itself apparent and accessible.

VIRGO (August 23 to September 22) Congratulations. You'll soon hear some positive feedback for all the hard work you recently put into a project. A Pisces could soon swim into your personal life.

LIBRA (September 23 to October 22) Someone whose friendship you felt you had to write off will try to revive it. What you do is up to you. But don't do it without giving it considerable thought.

SCORPIO (October 23 to November 21) A job-related plan might need to be reworked to allow for changes. Lucky for you that Saturn remains a strong influence that can help you focus on getting it done right.

SAGITTARIUS (November 22 to December 21) This is a good time to move into areas of self-discovery. You might be surprised about who you really are and how you really relate to those around you.

CAPRICORN (December 22 to January 19) Expect to confront someone who will make an unwelcome request. Stand by your resolve to do the right thing no matter what "persuasion" might be offered.

AQUARIUS (January 20 to February 18) A friendly competition could become more contentious than you expected. Take time out to discuss the reasons behind this unexpected change, and act accordingly.

PISCES (February 19 to March 20) You have a wonderful mind for solving mysteries, so you should feel confident about solving the one developing very close to you. An unlikely source offers help.

BORN THIS WEEK: You're a great host or hostess. You love being with people, and you're very good about planning all sorts of social events that bring folks together.

commercial fishing community to tell its own story. The event presents all that goes into bringing seafood from the ocean to the table in a way that is hands-on, educational and fun. Visitors are encouraged to listen and watch, but also to taste, touch and converse.

The festival brings together a unique array of music presented on two stages. Performances feature traditional sea chanteys, music reflecting the industry's ethnic diversity, and music about commercial fishing. Featured performers include local favorites Ana Vinagre (Portuguese Fado), Aoife Clancy (Irish), Michael Troy (Folk) and GeraSons (Azorean). This year's lineup also features several international performers. Jim Payne and Fergus O'Byrne from Newfoundland will perform traditional

I found the Aardvark!

Each week we will give away an Aardvark Gift and each month we give away a special Aardvark Gift Basket to one lucky person. All you have to do to enter is find the Aardvark! The little guy you are looking for looks exactly like the one pictured above (but don't put down this page as your answer, there's another one hidden somewhere in this issue).

The winner will be selected from all the correct answers picked by the deadline and the prize will have to be picked up at our office. Only one entry per household per issue please.

To enter, simply find the aardvark in this issue, then go to our web page and select the link "I Found the Aardvark" entry page. If you would like to enter by mail, send your name, address and phone number along with the issue date and page number you found him in to: Wanderer - I Found the Aardvark, P.O. Box 102, Mattapoisett, MA 02739.

Deadline for each week is 5pm on the Wednesday after the date of publication. All entries must be dated or postmarked on or before that Wednesday.
